### War Hero Returns Home

Lance-Corporal Larkin returned from the front last Sunday night. One of the biggest crowds ever seen at one time in Claresholm gathered at the station to welcome him home. The town band, of which Bob was once captain, turned out in full strength, and played as the train pulled into the station. As the returned hero stepped from the train, three hearty cheers were given him by the crowd, and the old song "He's a jolly good fellow," sung with great vim.

Lance-Corporal Larkin left Claresholm early in the war, and after a period of training in England, was sent to the front. At first he played in the band, but when someone taunted him that he was afraid to fight, he threw up his instruments, and taking the rifle went into the trenches. After three months fighting he was buried by the explosion of a shell, and badly injured. After being covered with mud and bags for nearly an hour he was dug out, and sent to the hospital, where he has been for the last six months. A few weeks ago he was discharged as unfit for further service, and sent home.

He is still very weak and his nerves are in bad condition. It is hoped, however, that with a good long rest, he will regain his health and strength.

Lance-Corporal Larkin is the first of our soldiers boys to return home who have made the supreme sacrifice, and we mourn their loss. Still more men are needed at the front. We will yet go to take the place of the dead and wounded who have "done their bit" faithfully and freely!

### Five Mile District

Wilfred Gibbie had a runaway last Sunday while out driving, and both he and his partner were thrown out. We would advise Wilfred to drive a little more carefully in the future and keep both hands on the lines.

Alfred Berg was compelled to take his bad last Saturday. The doctor fears an attack of typhoid fever.

Isaac Lepard has completed his new house, and is well satisfied with the work. Mr. Hopley was the contractor.

H. Mosley and family were guests of Mike Fredrickson, last Sunday.

E. Mosley was called to Lethbridge last Monday as a witness in the court.

The Five Mile school is still without a teacher.

Lozelle, Millie and Rayburn Carey took away prizes at the school fair.

Mrs. Berg, Sr., has been ill again.

Mr. John Fenton took a trip to the saw mills on Monday.

Mrs. T. P. Mosley and daughter left for Portland, Oregon, on Monday night. Mr. Mosley and his son Ernest will leave immediately after threshing is over. Robert Mosley will take charge of the farm during the winter.

### Sandwich Lake

By the School Correspondent  
Some of our local sportsmen, since the report of successful shooting at Sandwich Lake, have been inquiring as to its whereabouts.

It is situated about 12 miles due west of town, and it derives its name from some patent sandwiches, invented by Mr. Shanks, and first introduced to Ennis Moffatt, and through him to the public, during a shooting expedition at this particular place last year.

The sandwiches that have now become so famous, and in which Ennis gets his teeth so badly tangled, consist of a flat wafer of cotton wool soaked and stained to a deep brown, in Worcester sauce, and tightly encased between two slices of bread. The sandwiches are said to be having a ready sale wherever they have been put on the market and it is expected that the inventor will become rich. The next map of Alberta published by the department will, no doubt, contain the location of this newly named lake.

O.C. Taylor, of Portland, Ore., is in town looking after his business interests here.

### School Notes

On Tuesday last the students of the Public and High Schools marched to the School of Agriculture to attend the school fair. We left the school at two o'clock and marched in double file through town. There were about 220 pupils with their seven teachers in the procession. When the destination was reached several pictures were taken of us, and we will not be at all surprised to hear that R.E. Moffatt have worked better ever since snapping such a good looking bunch (including teachers, of course). The pupils were then allowed to go round at will.

We will not waste further words upon the exhibits and lectures, for everyone knows by this time that they were splendid indeed. We thank Mr. Steves, his staff, and the country schools about Claresholm for the fine School Fair which we were fortunate in being able to attend.

The boys of Grades VI and VII have organized a Junior Boys Football Association, with officers as follows: Hon. Pres., Mr. W.S. Webb; Pres., Leonard Workman; Sec. Treas., Harry Paulsen; Executive: VIII, C. Walker; VII, M. Whitehead; VI, L. Whitte, J. Clark.

All the athletic teams are eager for competition. A reply to a challenge to Mached school is anxiously awaited. Station and town schools have been approached with a view to organizing an Athletic Association, but nothing yet has come off. The Claresholm school teams are open to accept challenges from schools in the district.

For girls competition address Miss Merlie Morrow, and for boys Alfred Edlund.

During the first week of school we were given liberty to hit and kill and dogs seen on the school grounds. We now understand that our most esteemed principal is leading the campaign. He has seen a dog at a rock at a poor little puppy that had overstepped its liberty—and he missed it!

### Patriotic Fund

The annual meeting was held in the Council Hall on Wednesday night at 8 p.m. The chair was taken by Rev. J. Phoenix, the Vice President of the Branch. The minutes of the last annual meeting of the Claresholm Patriotic and Relief Society were read and approved. The secretary gave the annual report including the financial report already published in this paper.

The following officials were appointed for 1916-17:  
Hon. Pres., Wm. Moffatt, M.L.A.; Pres., Rev. J. Phoenix; Vice Pres., Rev. W.J. Kidd; Sec., J.R. Watt; Treas., G. Simpson.

Executive committee: Mrs. Steves, Mrs. McKinney, Mrs. Watt, Principal Macdonald, F. Murray and J. McKinney.

Committee on applications for assistance: Mrs. McKinney, F. Murray, and R.E. Moffatt.

Local Campaign committee: C.J. Braren, W.R. Shanks, F. Murray, G. Simpson and R.E. Moffatt.

It was arranged to register Gramscum branch to organize at once and meet with the officials of the Claresholm branch to discuss ways and means. There was a long discussion as to conducting the farmers, it being felt that the subscription from the farming class as a whole for 1915-16 was lamentably small, and finally a motion was passed to the effect that a plan of personal canvass be adopted on a certain day throughout that part of the constituency tributary to Claresholm, and that the campaign committee be appointed to arrange details.

So far as the results for 1915-16 were concerned it was felt that the sum of \$1000.00 for Claresholm town and school district set as an objective before the canvass started last fall having been exceeded, and the total allotment originally set as the sum expected by the central office of the Southern Alberta branch from this constituency namely \$2,500.00 having also been exceeded, the results were to that extent satisfactory.

The Alberta Pacific Grain Co. Calgary, have contributed \$200,000.00 towards Canada's new war loan. It is just about a year ago now this company guaranteed \$1,000,000 per month to the Patriotic funds.

### A Modern and Model Farm

A visit to Mr. L.T. Torgerson's farm will be a revelation of what can be done to bring the conveniences of town life to the farm. The editor recently had the pleasure of a lightening trip to the Torgerson farm in one of the modern cars. During the brief visit Mr. Torgerson showed him over the buildings and the various improvements recently made. The big barn and the conveniently arranged machine shed reflected much credit on the owner. The latest improvement, however, is the electric light and power plant. By simply turning a button, the engine starts away out in the pump house, turn another button and the washer and wringer starts, turn another and the pump begins operating. In a few minutes the house, barn, stable machine shed and yard can be set ablaze with 40 electric lamps. It is one of the marvels of modern science. Mr. Torgerson already has water laid into the house, and he is making his plans for a sewerage system, which will add more conveniences to his already excellently equipped farm.

The Methodist District meeting was held at Mached last Thursday. Rev. W.E. MacNiven was appointed chairman in place of Rev. A.D. Hebrard, who is chaplain in Col. Bryans Battalion.

The first new wheat delivered this season was brought in by L.C. Tucker, of Meadow Creek, Munday 18th, and was purchased by W.T. Cochrane for the Alberta Pacific Grain Co. It graded No. 1 Northern.

# “LADY” URSULA’S HUSBAND

FLORENCE WARDEN

Word Lark & Co., Ltd.  
TORONTO

(Continued)

There were voices in the passage outside, and somebody came in to look for a brother-in-law. Lady Ursula made her escape, and looking about for her brother, found him in the grounds, where he was talking earnestly to his friend Hugo. Fearful lest he should be denouncing Paul as a traitor, she went out to the two young men, and Hugo, who seemed glad to escape, left the brother and sister together.

Lord Eastling was not at all anxious for a pre-arranged visit with his sister, and would have excused it if he could. But she had him fast.

"Tom," she said, "I've got something very important to tell you."

"I've got something to say, too," he said, rather drolly.

"You shall hear me first. I've found out something very important."

"So have I," he said, quickly.

"But what I've found out is true," said she, hurrying on with her story.

"I've met his mother. He's the son of Sir Morton and Lady Ursula. He's been obliged to change his name and live for years."

"What a case of something—forgery," I think it was, that day, when he was a very young man."

"What?" gasped Lord Eastling.

"Then his impulse was one of indignation."

"Now you see how it is that people are ready to put anything that happens down on the wrong person."

"I understand how sorry he is for what he did all those years ago, and that he wants to know how to make it impossible for him to tell you his head again."

"Now you understand, don't you? And oh, Tom, Tom, I'm sure that, now, he's a free man, truth, you won't join in the lure and cry against a man who is doing his best to live down his sins."

"The information this pointed out could so suddenly, and so completely, upon Lord Eastling that at first he could scarcely realize what had happened during the short time he had been away in town."

Then his impulse was one of indignation.

"The scoundrel," cried he, "then he dared to marry under a name that was not even his."

"That view of the matter had not occurred to Lady Ursula, and on realising this, and on realising this, she stepped and changed color."

"Oh, Tom," she said, hoarsely, "then am I not really his wife?"

He looked at her with a hoarse face, and was exasperated by her stammering.

"I should have thought," he said sullenly, "that you would have been too good to let your husband find out that you were not tied for life to a rascal."

But a little cry of dismay broke from her lips.

"Do you know what you're saying? Marriage? Do you remember what I told you? I told you that I was his wife. Oh, I am his wife—really his wife!"

The anguish in her tone was so real, that she, the slave and the brother, could not but feel that her brother had done her wrong.

"Yes, yes, you're his wife, worse than I could tell her. But she makes no difference to that. All she needs, it was an infamy that he should do such a thing—"

She had recovered a little of her equanimity after the alarm her brother's words had given her.

"Well," she said, "he's confessed he's sorry, and he's leading a new life."

"Is he?" cut in Lord Eastling, quickly.

"Yes, answered with passion."

"Yes, of course. The wretched man who told you stories about his past. Paul owed up the forgery, and he was forgery that you accused him of."

ing useful. If you can prove to me that he is running straight—prove, not merely make an assertion—nobody on earth will be so glad as I am. In the meantime, I have doubts. And it is terrible to me to know that my sister is married to a man whom there are doubts about."

"I thought him the unprincipled man," he believed him to be, and you don't think I should care for him still?" "I should degrade myself."

He put his hand on her shoulder. "I'm sure I hope not," he said. "But he spoke doubtfully and slowly, as if he were not sure of himself."

He spoke doubtfully and slowly, as if he were not sure of himself. He spoke doubtfully and slowly, as if he were not sure of himself.

CHAPTER XVI.

The atmosphere at luncheon was electric. There was no doubt of that. Everybody tried to talk and laugh as usual, and very few of them managed it. For the host, usually a wholly insignificant figure in the midst of his family and guests, was wearing an expression of sullen melancholy and anger which they could not help but notice.

## Claresholm Local News

Fred Palmer reported that his crop was threshed on Tuesday of this week.

Ernie Moffatt went to Blackie on Wednesday morning on business.

Rees Thomas bought a new car on Wednesday.

H. R. Tennish, who has been working at the C.P.R. has enlisted in the 13th.

Bern, on Thursday, Sept. 21st, to Mr. and Mrs. Gerald McLean, a daughter, weight 12 lbs.

F. E. Harvey left for Calgary on Wednesday morning. He has taken a position as organizer of the Retail Merchants Association in Alberta.

The Prize List for the School Fair came to hand to late for this week's paper. It will, however, appear next week without fail.

Mr. and Mrs. A. H. Blue came in on Monday night from Colfax, Wash., through the Crow's Nest Pass. The entire trip was made by auto.

C. B. Gray got a car load of Fords on Wednesday. It is said that the whole car load sold within a few hours. It's hard to beat the Ford for quick sales.

Mrs. Seymour and two children arrived from England last week. It is five years since Mrs. Seymour, now Mendow Creek, left England to make a home in Canada. It was a happy reunion of a family long separated.

We have been asked by some lenders to request the city council to remove the long grass which is growing over the narrow sidewalks. The fox tail, especially is very objectionable, as it clings to skirts and stockings, and becomes a little too familiar in its attitude.

Mr. Vahron has recently resigned from the Ford Motor Agency. Mr. Vahron has placed a large number of cars in this district, and many will learn with regret that he is no more handling this popular car. We have been told that he will be taking a new agency in the near future.

The Ford agency is now in charge of C. B. Gray, with J. M. Workman as sales agent. The A. B. Gray agency will carry a full line of Ford repairs. Mr. Gray and Mr. Workman are both old timers in this district and are well known. There will doubtless be a big demand this fall for new cars.

Stanley Ferguson returned from Empress district on Wednesday. He reports fine crops and threshing in full swing. The McNeel boys have over 7000 bushels of grain this year, part of which has been sold at \$1.40. Jack McNeel is opening a general store and has rented his farm.

Next Sunday is Rally Day at the Methodist church. The morning service will be mainly for the children and a special address will be given by Rev. MacViney. Parents are asked to see that all the Sunday School scholars are at church in good time next Sunday.

A. E. Strange is arranging for a number of sales this fall. With plenty of wheat and plenty of money in circulation, this will be the time to dispose of your surplus stock. Mr. Strange will be glad to arrange deals with anyone who is planning a sale this fall.

C. H. Osjelow has been visiting in town recently.

W. Cochran sold his Ford car to Carl Wegner.

And Anderson, of Granum, was in town on Monday on business.

Mr. and Mrs. Larkin and "Smoky" McLaughlin motored to Nanton on Monday last.

See the Box notice this week. Mary Pickford in "Cinderella" will be a treat for young and old.

Next Sunday there will be service in the Roman Catholic church. First mass at 9 a.m. Second mass at 10:30 a.m.

Ladies interested in getting good wall paper at greatly reduced prices, should read Mr. Breerton's ad. This week on front page.

Work on Messrs. McKinney & Foster's new elevator will soon be under way. The old buildings have been removed, and a 20,000 bushel elevator will be erected immediately.

Bert Duffy, who used to live in Claresholm, has recently accepted with the 118th. Since leaving here he has been living at Lomond. Mrs. Duffy is a sister of J. W. Hallist.

With few exceptions, wheat cutting is finished in the Claresholm district. The threshers have already commenced operations, but we have not yet learned what the average yield per acre amounts to.

## Granum News

Mr. J. W. Burroughs was in Calgary last week.

Frank Kellott bought Vic Anderson's threshing outfit, this week.

Miss T. Dickson has resigned her position with Moore & Brown.

Chas. Noble, of Nibleford, Alta., motored to Granum Sunday.

Threshing started in Granum the first of the week.

Miss Isabelle Richards, of the Bank of Commerce staff, is spending her holidays in Lethbridge and Calgary.

R. McDougall and K. N. Newington paid a visit to Claresholm, last Friday.

The best and shoe shop will close on Oct. 1st. Mr. Ellis will be at the telephone office after that date.

Mr. C. J. Bayers and Mr. Jacobson bought Mr. Art Anderson's threshing outfit, last week.

Dr. Sandy McMillan and family motored to Granum on Monday afternoon.

Prof. Stephens, of Claresholm Agricultural College, motored into Granum on Thursday last week.

A meeting of the Presbyterian Ladies Air was held at Mrs. Vanderwood's on Thursday last week.

Miss Bell Collins, of Claresholm, was in town on business Wednesday and Thursday.

Mr. Wm. Moffatt, M.P., was in town on Monday returning to Claresholm on the evening train.

Geo. Fletcher's horse was brought into town last Thursday with a broken leg. The old gentleman is improving.

Several thousand bushels of new wheat were hauled to the elevators on Tuesday last, and most of it graded No. 1.

Mrs. Hodges and her children are leaving Granum in a few days for Taber, where Mr. Hodges is engaged in the bakery business.

Kenneth Cameron, of Claresholm, and Ruth A. Schloper, of Stately, were united in marriage by Rev. J. McIntosh, at the manse, on Sept. 19th, 1916.

Ladies, buy your fall hats at Jessie M. Parr's Millinery Store, Claresholm. Your fare will be paid to and fro, if you purchase.

L. H. Cocklin sold his McLaughlin to Louis Audette. He paid a visit to Calgary last Saturday and brought down another to take its place.

We are sorry to hear that Miss M. Stewart's smiling face will not be visible at the post office wicket many more days, as she is leaving the office.

Pte. Fred Patterson, who has been working in the harvest fields, received a call to report immediately at Camp Hughes. He left on Tuesday night's train. His battalion expects to start for over seas at once.

Mr. Higglestein, student preacher in the halls, preached both Sunday morning and evening in the Granum Presbyterian Church. Mr. Higglestein's services were taken by Rev. J. McIntosh.

Mr. Tinkler, of Spokane, is in town and has taken over the Garrow ranch. The company which Mr. Tinkler represents purchased 1400 acres from Mr. Garrow, besides his entire stock. It is said the deal ran into about \$44,000.

We are all very sorry to hear that Miss Vanderwood, who has been in the telephone office for several years, will soon take her departure from our town, but as she is going to better herself by going to Calgary, we wish her every success.

There will be a telephone night service after October 1st. Mr. Smith has secured the services of Mr. J. W. Ellis, who will take charge as night operator.

Mr. Ellis has had many years experience as postmaster in one of London's large post offices, and will undoubtedly give excellent service in this new capacity.

O. L. Reinicke, of Claresholm, reports having sent J. A. Crane at Great Falls last week. Mr. Crane, who used to be in the Granum Trading Company's store, is now manager and owner of the Chalmers garage and supply company, of Great Falls. He reports business booming, and so far is pleased with his change.

The salmon catch on the Frazer River at the end of August was estimated at 50,000 cases as compared with 180,000 last year.

## Granum Honor Roll

Lieut. J.B. Allison, 191st Batt.

## Stately News

Mrs. Lebow was visiting in Claresholm, from Friday to Sunday last.

Rev. and Mrs. Kennedy were visitors in Claresholm last Friday.

The Ladies Aid meets next Wednesday with Mrs. Bouzjan.

Chas. Hay left on the Wednesday morning train for Calgary.

Threshing was commenced on Tuesday of this week.

Mr. Geo. Reynolds has accepted a position with the Western Canada Flour Mills Co., in Stately.

"Officer 666" will be at the Claresholm opera hall on Sept. 26th. It is a play that you will like.

Leonard Gurrie, whose leg was broken some time ago, is progressing favorably.

Dr. Dixon, dentist of Calgary, and his wife and family are visiting in Stately. He is a brother of Dr. Dixon, medical doctor here.

Mr. and Mrs. Cochran, of Claresholm, were guests of Mr. and Mrs. Muir, last Monday. They took in the Opera Hall at night.

Mrs. Cressman returned from her trip to the States last Tuesday. She reports having had a very enjoyable time.

Mr. McChesney has taken over the livery and garage, formerly run by Polyzin & Currie. Mr. Jas. Walls has been put in as manager.

The C.P.R. unloaded two cars of heavy timber to use in the improvements planned for the station platform.

The Red Cross met last Friday. \$100 was voted to be sent to the Red Cross funds immediately. Ladies of Empire, remember the Red Cross sewing days, Tuesdays and Fridays.

Amil Swanson hauled the first load of wheat to town last Tuesday. It was sold to the Farmers' Elevator. The output was 33 per cent greater than the previous year.

Next Sunday Mr. Hoskins will preach his farewell sermon. All those who have the pleasure of listening to him will regret his removal. It is doubtless to his own interest that he return to college to complete his course, and the Stately friends recognize this. It is not yet known who will be sent to take his place.

Everybody says that "Peg O' my heart," which appeared in the Opera Hall last week was the best production ever presented in Stately. There was a good audience and everyone was delighted. The "United Producing Company" will have no regrets at coming to Stately if they keep up the kind of play.

Mr. Peter Bruhn had a car of Fords unloaded last Wednesday. It is understood that they were all sold before they arrived. Good crops invariably mean more automobiles.

Mr. Stanley Elliot, who was at one time manager of the Bank of Commerce here, has been in town this week attending to important matters of business. Everybody, of course, knows something of the nature of the business.

Mr. Ford, of Parkland, while hauling water in a barrel, mounted in some way to upset the barrel. The sharp edge struck the foot of his little two year old girl, and so badly injured one of the toes that it had to be amputated. Dr. Dixon, of Stately, attended the case.

Private Huston left on the early train Monday to join his battalion at Calgary. A large number of friends spent the evening with him, and at 2:30 a.m., with much noise and merriment accompanied him to the station. Many were awakened from their slumber as the procession passed, but just smiled and turned over. The 118th entrained at Calgary on Monday evening.

Ed. Orerand and Chas. Fitzsimmons returned on Tuesday from their hunting trip. They report having penetrated far into the Rockies and reached the feeding grounds of the mountain sheep. As evidence of the fact they brought back two fine specimens which have been divided and subdivided until everybody in town has had a taste. The Stately people appreciate their generosity and thoughtfulness in this matter, and wish them good luck in all future expeditions.

If a man is caught shooting prairie chicken out of season, and is hauled before a magistrate, should he plead guilty, or not guilty. Such is the problem that one of the Claresholm lawyers was called to solve a few days ago. It is said that the lawyer didn't know which course would be safest. To some of us simple folks it would seem simple enough. If the chap is a big enough liar he should plead "not guilty." If he is an honest man he should plead guilty, and take his medicine. The farmer who heard the shooting, and missed the covey of chicken that his own gun was loaded for, is looking for the culprit.

The milling interests of Canada have had a very prosperous year. The output was 33 per cent greater than the previous year.

## You Get this Book FREE--

# THE VETERINARIAN

The Veterinarian, price - \$2.50  
The Claresholm Review-Advertiser 1.50

Total value - - \$4.00

"The Veterinarian" was written by Charles J. Korinek, V.S., ex-State Veterinarian of Oregon, and is in plain language that a layman can understand. It is an invaluable book for all breeders of domestic animals to own. We are giving this splendid book and The Claresholm Review-Advertiser for one year for only \$1.50. Do not miss this offer. The two for less money than the book cost. All arrears must be paid up. We have only been able to secure a limited number, so be quick.

Circulation Department of the Review-Advertiser, Claresholm:

Dear Sir—Enclosed find \$....., for which send The Claresholm Review-Advertiser for one year to the address given below, together with "The Veterinarian" as per your offer.

NOTE—Postage on book when mailed, 10c.

NAME.....

P. O. ADDRESS.....

**SPECIAL NOTE--**The only condition attached to this offer is that all arrears must be paid up and payment made for one year in advance at the regular price, \$1.50. When books are to be sent out by mail 10c. must be added for postage.

Another chance like this won't occur in a "blue" moon. We have only a limited number on hand, and when they are gone the offer is withdrawn. Fill in coupon and return at once--with the CASH.

## The Claresholm Review-Advertiser

## The Wretchedness of Constipation.

Can quickly be overcome by

### Something in That

John—Just one more kiss, darling, before we say good-bye.  
Mabel—Oh, John, you've had enough—wait till tomorrow night.  
John—Delays are dangerous; tomorrow night I may be dead, or you may have been eating onions.

"He is some painter, believe me."  
"To what school does he belong?"  
"To the utilitarian."  
"Oh, signs and fences."

## MORE THAN EVER

Increased Capacity For Work

Many former tea and coffee drinkers who have mental work to perform day after day, have found a better capacity and greater endurance by using Postum. A woman writes:

"I had drunk coffee for about twenty years, and finally had what the doctor called 'coffee heart.' I was nervous and extremely despondent, had little mental or physical strength left; had kidney trouble and constipation." "Tea is just as injurious because it contains caffeine, the same drug found in coffee."

"The first noticeable benefit which followed the change from coffee to Postum was the improved action of the kidneys and bowels. In two weeks my heart action was greatly improved and my nerves steadier."

"Then I became less despondent, and the desire to be active again showed proof of renewed physical and mental strength."

"I formerly did mental work and had to give up on account of coffee, but since using Postum I am doing hard mental labor with less fatigue." Name given by Canadian Postum Co., Windsor, Ont.

Postum comes in two forms.  
Postum Cereal—the original form—must be well boiled, 15c and 25c packages.

Instant Postum—a soluble powder—dissolves quickly in a cup of hot water, and, with cream and sugar, makes a delicious beverage instantly. 25c and 50c tins.

Both forms are equally delicious and cost about the same per cup.

"There's a Reason" for Postum.

—sold by Grocers—

W. N. U. 1099

### Dangers of Cat Kissing

It must be a terrifying revelation to those ladies who kiss their cats, that has been made by Professor Floerl, the Italian chemist. He has found by experiment that when a cat licks its lips it spreads over them a saliva in which there are swarms of minute bacilli not free from danger to human beings. When he inoculated rabbits and guinea-pigs with this noxious substance they died within twenty-four hours; and he has come to the conclusion that it is dangerous for ladies to indulge in the habit of kissing their cats.

## He Feels Like a Young Fellow

WHY MANITOBA MAN PRAISES DODD'S KIDNEY PILLS

After Experimenting With Other Medicines Max Hanjook Found in Dodd's Kidney Pills the Cure That He Sought.

Pleasant Home, Man.—(Special).—Mr. Max Hanjook, a well known resident of this place, who, after an extended period of ill-health is feeling strong and healthy again, is spreading broadcast the good news that he found a new lease of youth in Dodd's Kidney Pills.

"I tried all kinds of other pills, but they didn't help me very much," Mr. Hanjook says. "But Dodd's Kidney Pills have made me feel like a different man. I feel like a young fellow again. I want everybody to know that Dodd's Kidney Pills have done for me everything that has been claimed for them."

Dodd's Kidney Pills make men and women feel young again because they spread good health all over the body. Dodd's Kidney Pills act directly on the kidneys. They made the kidneys strong and healthy and thus put them in condition to strain all impurities, all the seeds of disease, out of the blood. The cleansed blood circulating all through the body gives new strength and energy everywhere. That's why Dodd's Kidney Pills are popular all over Canada.

### High Finance

"Another new hat. You should really save your money with the price of everything going up."  
"But why? The longer I have it, the less I can buy with it."

### WHEN BABY IS ILL

When baby is ill no other medicine will so quickly relieve him as will Baby's Own Tablets. They go right to the root of most childhood ailments—those arrangements of the stomach and bowels which cause difficult teething, colds, constipation, vomiting and simple fevers. They cleanse the bowels and sweeten the stomach and drive out all cause of illness. Concerning them Mrs. Wm. Evers, Gilks, N.B., says: "We always keep a box of Baby's Own Tablets in the house as we have found them an excellent medicine for little ones." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Burglar—The only thing I'm kicking about is bein' identified by a man that kep' his head under the bedclothes the whole time. That's wrong.

## If All Played Out, Try This Prescription

When that overpowering weariness and a never-rested feeling comes over you, it shows some serious disorder is undermining your health. The cure is simple. Build up the system and nourish the body back to health by pure wholesome blood.

The one sure means of doing this is with Dr. Hamilton's Pills. They are a marvellous aid to appetite—convert all you eat into nutriment and tissue-building material. Thus a weak body is supplied with new nerve fibre, hardy muscle and firm flesh. Lasting good health is sure to follow. If you really want to get well and stay well, use Dr. Hamilton's Pills, 25c per box at all dealers.

The man who waits for opportunity to knock finds the waiting good.

A Pill for Brain Workers.—The man who works with his brains is more liable to derangement of the digestive system than the man who works with his hands, because the one calls upon his nervous energy while the other applies only his muscular strength. Brain fog begets irregularities of the stomach and liver, and the best remedy that can be used is Par-melee's Vegetable Pills. They are specially compounded for such cases and all those who use them can certify to their superior power.

A young reporter who took his first check to the bank and was asked by the cashier to endorse it on the back, wrote: "I heartily endorse this check."

In the train of Alexander the Great during his Asiatic conquests were some observant persons who made notes of what they saw, when not too busy killing off the inhabitants, and in these written documents is told the story of "a reed growing in India which produces honey without bees." Thus sugar cane evidently was well known in that part of the world in 330 B.C.

## CHAPPED HANDS AND COLD SORES

Are your hands chapped, cracked, or sore? Have you "cold cracks" which open and bleed when the skin is drawn tight? Have you a cold sore, frost bite, or chilblains, which at times makes it agony for you to go about your duties? If so, Zam-Buk will give you relief, and will heal the frost-damaged skin.

Miss B. Strojka, of East Hansford, N.S., writes: "My hands were so badly chapped I was unable to put them in water. All remedies failed to heal until I tried Zam-Buk. Perseverance with this balm completely healed the sores."

Zam-Buk heals cuts, burns, bruises, eczema, piles, chapped hands, cold sores, frost bites, and all skin diseases and injuries. Refuse substitutes. At all druggists and stores, 50c box.

## ZAM-BUK GIVES QUICK RELIEF

### Reason Enough

Sleigh—I see he writes typewritten letters to his lady?  
Spy—Sure, she's taken up studying character by handwriting.

Recruiting Official—One grand father living? Is he on your father's or mother's side?

Recruit—Oh, he varies, sir; he sticks up for both 'em—a sort o' nootral.

Minard's Liniment for sale everywhere.

"Willie, you haven't said whether you thanked Mr. Carr for taking you out for a ride."

"Yes, mother, I thanked him, but I didn't tell you, because he said, 'Don't mention it.'"

### Plowing and Shelling

A letter from France says: "There is a most terrific fight going on on our right. The roaring is continuous and terrible. We—i.e., our battalion—are not in it at present, but may have to join in at any moment. We have done a fair amount of 'strafing' since we have been here and the Germans have suffered as they deserve to."

The destruction is too awful for words; all round villages and towns are laid flat! What has become of the wretched inhabitants, God knows! A few stick to the place, although shells fall round all the time. They live in the cellars, I suppose. Some few go on plowing with shells flying over their fields; they take their chance."

Marion Bridge, C.B., May 20, '02. I have handled MINARD'S LINIMENT during the past year. It is always the first Liniment asked for here, and unquestionably the best seller of all the different kinds of Liniment I handle.

NEIL FERGUSON.

The Oil for the Farmer.—A bottle of Dr. Thomas' Electric Oil in the farm house will save many a journey for the doctor. It is not only good for the children when taken with colds and croup, and for the mature who suffer from pains and aches, but there are directions for its use on sick cattle. There should always be a bottle of it in the house.

Carl Maria von Weber, the celebrated composer, wrote a piano piece which a friend pronounced unplayable, as one chord had a note in the centre which could not be reached by either hand. "Acht, see me do it!" answered the composer, and he struck the note with his nose.

Customer—But why have rabbits gone up so in price? They're wild ones, aren't they? So you can't say it's the cost of keeping them?

Shopkeeper—No, mum, but the truth is, since the best shots have gone to the war, it takes so many cartridges to kill 'em.

## Stop Backaches

Don't complain about pains in your back when the remedy lies right to hand. Gin Pills stop backaches, and they do it in an easy natural way by going right to the root of the trouble.

## GinPills FOR THE KIDNEYS

Gin Pills act on the kidneys and the bladder. They soothe and heal the inflamed organs, which are causing the suffering. Neglect your kidneys and swollen hands and feet, wrists and ankles, are likely to follow. A dose of Gin Pills in time saves a world of pain.

You will realize their value when you read what Mrs. J. P. T. Wedge, of Summerside, P.E.I., writes:

"Gin Pills are the greatest of all Kidney remedies and a medicine which is at present doing me a world of good. They are worth their weight in gold to any sufferer."

Get GIN PILLS to-day at your dealer's. 50c a box, or 6 boxes for \$2.50. Trial treatment FREE if you write.

National Drug & Chemical Co. of Canada, Limited, Toronto

### Sir E. Grey's Advice

Sir Edward Grey, in the British House of Commons, has been deprecating the publication in English journals of articles and cartoons calculated to be offensive to rulers or people of neutral nations. Sir Edward's position is a sound one, but his taking it may have little effect. How is a small minded person to show that he is a patriot if he cannot insult a foreigner?—Montreal Gazette.

# Hardening of the Arteries

An Interesting Explanation of How This Dreaded Condition is Brought About.

You take out the garden hose in the spring, turn on the water, and if the rubber has got hard and brittle the tubing bursts and water spurts out in all directions.

The arteries of the human body may be likened to small rubber pipes, which go everywhere through the body and carry blood to the hands and feet, as well as to the nerves, muscles and vital organs. They carry all the blood in the human system, and if this blood is burdened with the poisons left over when the liver and kidneys are not properly performing their filtering work, these poisons form a deposit on the inside walls of the arteries.

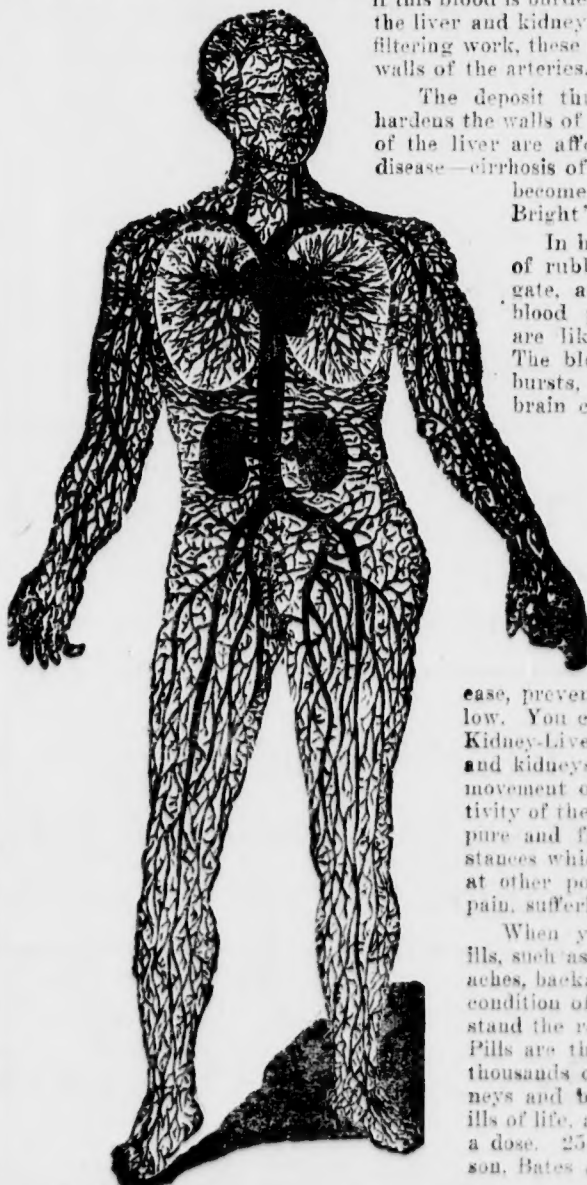

The deposit thus formed gradually thickens and hardens the walls of the arteries. The tiny blood vessels of the liver are affected, and thence comes that fatal disease—cirrhosis of the liver. The cells of the kidneys become starved for want of blood, and Bright's disease gets its start.

In health the arteries have the elasticity of rubber, and expand, contract or elongate, as required by the demands of the blood pressure. Hardened, the arteries are like so much brittle rubber tubing. The blood pressure comes on, the tubing bursts, and the resulting blood clot on the brain causes apoplexy.

It will be plainly seen that the cause of trouble is in the inefficient condition of the liver and kidneys. When these filtering organs are kept healthy and active, and the bowels regular in the removal of waste matter, there is no chance for such dreadful conditions as hardening of the arteries bring about.

As in all forms of serious disease, prevention is the only wise course to follow. You can positively depend on Dr. Chase's Kidney-Liver Pills to awaken the action of liver and kidneys, and also ensure the regularity of movement of the bowels. It is only by the activity of these organs that the blood can be kept pure and free from uric acid and other substances which form deposits in the arteries and at other points in the human system, causing pain, suffering and serious disease.

When you think of the scores of common ills, such as colds, indigestion, biliousness, headaches, backaches, etc., which arise from a torpid condition of these organs, you will better understand the reason why Dr. Chase's Kidney-Liver Pills are the favorite family medicine in many thousands of homes. By keeping the liver, kidneys and bowels active they cure the common ills of life, and prevent serious disease. One pill a dose. 25 cents a box, all dealers, or Edman-son, Bates & Co., Ltd., Toronto.

Dr. Chase's Recipe Book, 1,000 selected recipes, sent free, if you mention this paper.

**It bears the Seal of Purity**  
All over the world the name Sunlight stands for purity in Soap. Our \$5,000 guarantee of Purity is something more than an advertisement. It marks the high standard we have set for ourselves to give you the best laundry soap it is possible to produce at any price.

### Common Supply Point

"Did she get her husband at the bargain counter or the second hand store?"

"He looks it."

"Well, which one?"

"Neither; at the bar of injustice."

### Minard's Liniment Relieves Neuralgia.

Women Offering to Work on Farms

Women are now offering to take the place of men on Manitoba farms. The provincial department of agriculture has received a number of letters from women residents of Winnipeg, in which the women declare their willingness to help in seeding operations if the farmers are unable to obtain men of such work.

### THAT COLD YOU HAVE

may bring sickness, doctors bills and loss of work; you know that serious sickness usually starts with a cold, and a cold only exists where weakness exists. Remember that.

Overcome the weakness and nature cures the cold—that is the law of reason. Carefully avoid drugged pills, syrups or stimulants; they are only props and braces and whips.

It is the pure medicinal nourishment in Scott's Emulsion that quickly enriches the blood, strengthens the lungs and helps heal the air passages.

And mark this well—Scott's Emulsion generates body heat as protection against winter sickness. Get Scott's at your drug store to-day. It always strengthens and builds up.

Scott's Emulsion, Toronto, Ontario.

W. N. U. 1099

### Enforce the Blockade

Admiral Lord Beresford recently wrote:

"If the government had used our sea power as they were legally entitled to do, at the commencement of the war, by instituting an effective blockade, and making all goods entering Germany absolute contraband, the war would now be over. This is acknowledged by the foreign office. Every difficulty and every disaster we have met has been brought about by ourselves through want of foresight. Public agitation and the press have been the means of forcing the government to take up the following questions: Munitions, internment of alien enemies, the Trading with the Enemy Act, placing cotton on the contraband list, the Munitions Act, and the stoppage of German reservists proceeding to Germany. Public agitation will probably compel the government to make a fuller and more efficient use of our sea power, and so end the war."

### SPRING IMPURITIES IN THE BLOOD

A Tonic Medicine is a Necessity at This Season

Dr. Williams' Pink Pills for Pale People are an all year round tonic, blood-builder and nerve-restorer. But they are especially valuable in the spring when the system is loaded with impurities as a result of the indoor life of the winter months. There is no other season when the blood is so much in need of purifying and enriching, and every dose of these Pink Pills helps to make new, rich red blood. In the spring one feels weak and tired—Dr. Williams' Pink Pills give strength. In the spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in disfiguring pimples, eruptions, and boils—Dr. Williams' Pink Pills speedily clear the skin because they go to the root of the trouble in the blood. In the spring anaemia, rheumatism, indigestion, neuralgia, erysipelas and many other troubles are most persistent because of poor, weak blood, and it is at this time when all nature takes on new life that the blood most seriously needs attention. Some people dose themselves with purgatives at this season, but these only further weaken themselves. A purgative merely gallops through the system, emptying the bowels, but it does not cure anything. On the other hand Dr. Williams' Pink Pills actually make new blood, which reaches every nerve and organ in the body, bringing new strength, new health and vigor to weak, easily tired men, women and children. Try Dr. Williams' Pink Pills this spring—they will not disappoint you.

You can get these health-renewing Pills through any medicine dealer or by mail post paid at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

"Money doesn't bring happiness." "Maybe not. But it will help you greatly to go after it."

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 75¢.

Take Hall's Family Pills for constipation.

"Remember, the eyes of the nation

are on you," exclaimed the constituent.

"I know it," replied Senator Sorghum. "And the nation's getting more

acutely discerning every day. The time is gone when a man can assume

an impressive pose and get by as an optical illusion."

As a vermicide there is no preparation

that equals Mother Graves' Worm

Exterminator. It has saved the lives

of countless children.

The big drop in immigration to

Canada since the war started is

shown in the figures for immigration

for 1915 given to the commons by

Hon. Dr. Roche, in answer to a question

by Mr. E. M. Macdonald, Pictou.

The total for the year was only 48,

466, as compared with 384,878 for 1913-

14 and 492,422 for 1912-13. The volume

of immigration now is only about

one-eighth of what it was two years

ago. Almost all of the new arrivals

of last year were from the United

States.

Miller's Worm Powders not only

make the infantile system untenable

for worms, but by their action on the

stomach, liver and bowels they correct

such troubles as lack of appetite, bil-

iousness and other internal disorders

that the worms create. Children

thrive upon them and no matter what

condition their worm-infested stom-

achs may be in, they will show im-

provement as soon as the treatment

begins.

"So you don't believe in advertis-

ing, eh?" scornfully remarked the up-

to-date business man.

"No, I don't," insisted his sad-eyed

neighbor. "I got my wife that way."

### Chest Colds and Hoarseness Quickly Rubbed Away

"Nerviline" Gives Speedy Relief and Cures Over Night

Got a cold? Is your voice raspy—is your chest congested or sore?

If so, you are the very person that Nerviline will cure in a jiffy.

Nerviline is strong and penetrating. It sinks right into the tissues, takes out inflammation and soreness, de-

stroys colds in a truly wonderful way. Rub Nerviline over the chest—rub on

lots of it, and watch that tightness disappear. Nerviline won't blister, it

sinks in too fast—doesn't simply stay on the surface like a thick, oily lin-

iment would. If the throat is raspy and sore, rub it well outside with

Nerviline, and use Nerviline as a gar-

gle diluted with warm water. Jus-

one or two treatments like this and your voice and throat will be quite

normal again.

Just think of it—for forty years the

largest used family medicine in this

country—Nerviline must be good, must quickly relieve and cure a hun-

dred ills that befall every family. Try it for earache, toothache, coughs,

colds, sore chest, hoarseness and mus-

cular pains in every part of the body. Large family size bottle 50¢; trial

size 25¢ at all dealers.

Officer (furiously)—What the deuce

is the matter? Where are your shots

going?

Irish Recruit (nervously)—Sure I

dunno, sir. They left 'ere all right!

Minard's Liniment Cures Burns, Etc.

Pape—Why, hang it, girl, that fel-

low only earns nine dollars a week!

Pleading Daughter—Yes, but daddy,

dear, a week passes so quickly when

you're fond of one another.

No matter how deep-rooted the corn

or wart may be, it must yield to Hollo-

way's Corn Cure if used as directed.

Not Missed

"I used to live in New York," said

the man impressively.

"That so," drawled the little man,

quietly. "I was there the other day

and the town seemed to be getting on

all right without you."

### Germany's Great Mistake

Germany never believed that the Dominions would rally to the side of Great Britain as they have done, or that they would be faithful in the hour of adversity. There were even some of our own publicists at home who shared the same profound miscalculations. The doubters were much more in evidence in the old country than in the Dominions, and attributed it to the lack of knowledge by people here of their own empire. Possibly it was due to an even greater measure to a failure to realize the incredible power of sentiment when really great emergencies arise. Blood is thicker than water, and, after all, there had been no doubt in the mind of the Dominions as to what Germany's intentions were during all those years when half our British politicians were trying to persuade themselves, in defiance of all the evidence, that she meant the British empire no harm.—London Telegraph.

Aunt—Willie, don't you want to help me freeze the ice cream?

Willie—Now! I'll wait an' help you thaw it after it's froze.

proved equal to from 10 to 20 times

the amount of Bovril taken.

### No Truck With Traitors

We can have no dealings with Bulgaria or with her Tsar traitor, even should he, as is highly improbable, seriously wish to have dealings with us. The restoration of Serbia to her rightful territory and her union with her southern Slav kindred must, indeed, be essential objects of the allies. These objects preclude any truck with Ferdinand of Cobourg, or with his people, unless they dissociate themselves from him. Even William of Hohenzollern, with all his crimes, is a more reputable sovereign.—London Times.

Minard's Liniment Cures Dandruff.

Plaintiff's Lawyer—I rest the case.

Defendant's Ditto—You ought to; it's pretty weak.—Boston Transcript.

Could Hardly Live for Asthma,

writes one man, who, after years of

suffering, has found complete relief

through Dr. J. D. Kellogg's Asthma

Remedy. Now he knows how need-

less has been his suffering. This

matchless remedy gives sure help to

all afflicted with asthma. Inhaled as

smoke or vapor it brings the help so

long needed. Every dealer has it or

can get it for you from his whole-

saler.

A stitch in the side is more dis-

tressing than a stitch in time.

### LET US HELP YOU FIND THE RIGHT OIL

THE right oil in the right place usually costs less because none of it is wasted. Also it saves money by making your machine work more smoothly and last longer.

The Imperial Oil Company makes a special oil exactly suited to every part of every farm machine.

### STANDARD GAS ENGINE OIL

Recommended by leading builders for all types of internal combustion engines, whether tractor or stationary, gasoline or kerosene. It keeps its body at high temperature, is practically free from carbon, and is absolutely uniform in quality.

### PRAIRIE HARVESTER OIL

An excellent all-round lubricant for exposed bearings of harvesters and other farm machinery. Stays on the bearings; will not gum or corrode.

### CAPITOL CYLINDER OIL

The most effective and economical lubricant for steam engine cylinders; proven superior in practical competition with other cylinder oils.

### ELDORADO CASTOR OIL

A high grade, thick-bodied oil for lubricating the loose bearings of farm machinery, sawmills and factory shafting.

### THRESHER HARD OIL

Keeps the cool bearing cool. Does not depend on heat or friction to cause it to lubricate.

**STEEL BARRELS**—All our oils can be obtained in 28-gallon and 45-gallon steel barrels. These barrels save their cost by eliminating leakage. You use every drop you pay for. Clean and convenient.

Our experts will be pleased to advise you regarding the proper lubricants for your particular needs.

## The British Juggernaut

Last week was a week of victory for the Allies on the western front. The appearance for the first time on the battle front of the new British armored motors caused consternation amongst the German troops. The correspondent of the London Chronicle describes the recent fighting in the following terms:

"The first waves were inside the first trenches at Martinpuich and in advance of them waddled a monster. The men were held up for some time by the machine guns, but the monsters went on alone. They went straight through the shells of broken barns and houses, straddled on top of German dugouts, and fired enfilading shots down the trenches. From one dugout came a colonel with a very frightened face, who held his hands very high in front of the 'tank,' shouting 'Kamerad, kamerad.'

"Well, come inside, then, said a voice in the body of the beast, and a human hand came forth from a hole suddenly opened and grabbed the German officer.

"For the rest of the day the 'tank' led that unfortunate man about on the strangest journey the world has ever seen.

"Another 'tank' was confronted with 100 Germans, who shouted 'mercy, mercy' and at the head of this procession led them back as prisoners to the British lines. Yet another 'tank' went off to the right of Martinpuich, and was so fresh and high-spirited that it went far into the German lines, as if it was on the way to Berlin.

"The first news of success came through from an airman's wireless, which said: 'A "tank" is walking up the high street of Flers, with the British army cheering behind.'

"It was an actual fact. One of the motor monsters was there enjoying itself thoroughly and keeping down the heads of the Germans. It hung out a big piece of paper on which were the words: 'Great Hun defeated, special.' An aeroplane flew low over the monster machine—gunning the scared Germans, who fled before this monstrous apparition."

### John Barleycorn Jolted

John Barleycorn was given his death blow by this great world war. He had claimed his tribute in lives, happiness and money for many years in Canada, but when the need of a close examination of our social practices was forced upon us by this war, the demon rum was given short shift, for on every side it was recognized that this was an enemy that was harmful to the people even as the Germans are. From the Atlantic to the Pacific modified prohibition is general with the exception of the United States, and even in that country the law has been observed in these countries, the option is spending and the law does not seem remote when the liquor traffic will be so closely monitored that it will amount to prohibition.

U. F. A. NEWS

The Saskatchewan Co-operative Elevator Co. closed their fifth year with a large profit. The membership this year is 18,000 with 230 elevators, and thirty new ones will be added this fall. They declared a dividend of 8 per cent, and paid over \$140,000,000 to farmers for grain last year.

## CORRESPONDENCE

### THE ROAD QUESTION

The Calgary News Telegram is taking up the road question in Alberta with commendable zeal and earnestness. The proud boast of the Alberta government that they lead and others follow, does not apply to our provincial highways. Alberta has the poorest imitation of a road system of any province in the Dominion. In the past we have devoted all our revenue and exhausted our credit in providing funds for railway promoters. The roads of the country are still what the settlers call them—trails. Trails is the proper name for them as there is no serious attempt to make anything more out of them.

The license fee of car owners was supposed to be for the purpose of road maintenance, but it is safe to say that not 10 per cent is applied to the purpose for which it was intended. The farmers are taxed for the upkeep of roads, yet they never see their money laid out on it. All over this district there are dozens of sloughs that cut across the roadway and no attempt is ever made to fill in these spots and make them passable. It would not cost much to haul earth and gravel enough to bridge these wet spots, but nothing is ever done.

It passes all comprehension why the farmers and car owners do not rise up and smite these boneheads up and tigh for their neglect of plain duty to the public.

In a few days good roads will be badly needed for the hauling of grain. Two teams are now needed to do the work of one. Poor roads are costing the farmers thousands of dollars more than a good road would cost. If the farmer would only sit down and figure out what vile roads are costing him annually in added cost of upkeep, he would probably run amuck and do some damage.

The present system, or lack of it, is not economy, although there are farmers simple enough to think so. A first class road bed, properly maintained, is the cheapest road system for a community to have. A real road is the economical road and saves twice as much for the community as the present makeshifts.

The car owners should unite with farmers in making a big, strong, healthy demand upon the public works department to put some style and science into the highway building of Alberta.

Railways we have a surplus of, now give us at least one or two decent roads to travel over where it won't be necessary to tote a chain and block and tackle to pull vehicles out of mud holes.

TRAVELLER.

## School of Agriculture

### CLARESHOLM

Classes in Practical Agriculture and Domestic Science will commence

**TUESDAY, OCTOBER 31st, 1916**

The term closes March 30th, 1917. A two-year course in Agriculture is concluded by an Associate Diploma in Agriculture, and a two year course in Domestic Science is concluded by an Associate Diploma in Household Science, granted by the Department of Agriculture, Alberta.

### THE COURSE IS FREE

No entrance requirements are necessary. All students must be at least 16 years of age to gain admittance.

Application for admission to the school this fall should be made as soon as possible.

For Calendar and further information apply to

HON. DUNCAN MARSHALL,  
Minister of Agriculture,  
Edmonton.

W. J. STEPHEN,  
Principal,  
Clareholm.

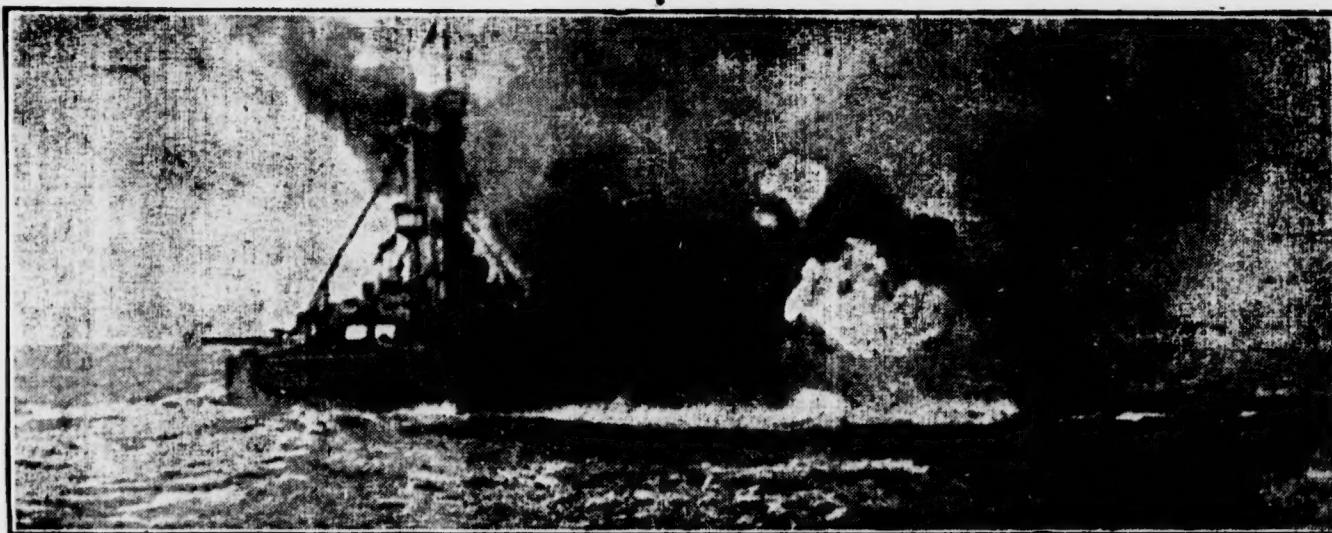

The Review Advertiser is offering for a short time the Veterinarian, a book published at \$2.50, as a premium to those who pay their year's subscription of \$1.50 in advance. It is a book that would be very useful on the farm and will save hundreds of dollars in doctor bills. The label on your paper will tell you the month and the year that your subscription is paid up to. Get your job printing done at the Review.

# BRITAIN PREPARED

FIRST AND ONLY TIME IN CLARESHOLM

## British Government's Own War Films Showing Her Army and Navy

Three and a half hours of the Greatest Patriotic and Inspiring Pictures  
That Have Ever Been Shown

One of the great Battleships in Action

These Pictures, prepared under the direction of the British Government, represent facts—stupendous historical facts. Britain's answer, a magnificent one, to the carping criticism raised by German Agencies in allied and neutral countries.
